Dear Prime Minister,

On behalf of Khmer National Liberation Front and Cambodian people, I am honored to write this letter to express our sincere condolences with Denmark for the death of Danish citizens and the injured because of terrorist attack.

I am very sad to hear about the terrorist attack, which took place in Copenhagen on 14th-15th February 2015.

I would like to strongly condemn the violence against freedom of expression and Denmark. Denmark is also my home. It was a sad day for Denmark and it was also a sad day for me, KNLF and Cambodian people. We do not allow anyone to destroy our freedom. We will continue our work for peace, freedom and democracy.

We stand with Denmark and the international community for promoting freedom of expression and fighting against terrorism.

Please accept our sincere condolences.

Sincerely yours,

Serey SAM

President
