Statement

To condemn Vietnam and Cambodian People Party and Hun Sen, who have been violating the Paris Peace Agreement 23rd October 1991

On the occasion of 22nd anniversary of Paris Peace Agreement 23rd October 1991, Khmer National Liberation Front would strongly condemn Vietnam and Cambodian People Party and Hun Sen, who have been violating the Paris Peace Agreement 23rd October 1991.

Khmer National Liberation Front has seen that the agreement of supplementary treaty between Hun Sen and Vietnam in 2005, the division Koh Tral island to Vietnam, the Cambodian-Vietnam border demarcation on the Cambodian territories and the violation of human rights; Vietnamese troops did not withdraw from Cambodia and return back again and the election was not free and fair; all of these are the violation of Paris Peace Agreement 23rd October 1991 and invasion of Cambodia, which Khmer National Liberation Front and Cambodian people are not acceptable.

Khmer National Liberation Front will continue to find the support from the international communities and the United Nations to put a pressure against Vietnam and Hun Sen's dictatorship regime to respect the Paris Peace Agreement.

Khmer National Liberation Front is only the one hope for Cambodian people who desire to free the country from Vietnamese colony and Hun Sen's dictatorship regime to gain true freedom and democracy.
